Safety Message

At Express Industries Corporation, SAFETY is our number one concern. It is our intent that young students should not sell door-to-door. Fundraising catalogs should be shared with family members, friends, relatives, co-workers and by telephone. With this in mind, we offer the following safety tips:

- Order taking and delivery should be supervised by an adult.
 - Do not have children carry cash for orders.
- Make sure that all cash payments to the school are made by an adult.

A well organized fundraising campaign can be a very positive experience for children and their families. It not only teaches responsibility but also provides an opportunity for students to set and achieve goals. In addition, a sense of accomplishment is felt when students and family members help their school.
